

TYPICAL SITE PLAN FOR TOWNHOMES

CHECK LIST

1. List subdivision, phase and building number.
2. Show lot number and address on each unit.
3. Show name(s) of bordering street(s).
4. Include north arrow.
5. Show at least a portion of adjacent buildings and list the setback from building to the property line(s) and to other buildings.
6. Show all architectural projections including stairs, balconies, porch covers, decks, pop-outs, etc.
