

## CITY COUNCIL AGENDA

**Wednesday, February 21, 2024**

NOTICE IS HEREBY GIVEN that the Herriman City Council shall assemble for a meeting in the City Council Chambers, located at  
**5355 WEST HERRIMAN MAIN STREET, HERRIMAN, UTAH**

### **5:30 PM – WORK MEETING: (Fort Herriman Conference Room)**

- 1. Council Business**
- 2. Administrative Reports**

2.1. Discussion of the Fiscal Year 2025/2026 Budget

- 3. Adjournment**

In accordance with the Americans with Disabilities Act, Herriman City will make reasonable accommodation for participation in the meeting. Request assistance by contacting Herriman City at (801) 446-5323 and provide at least 48 hours advance notice of the meeting.

**ELECTRONIC PARTICIPATION:** Members of the City Council may participate electronically via telephone, Skype, or other electronic means during this meeting.

**PUBLIC COMMENT POLICY AND PROCEDURE:** The purpose of public comment is to allow citizens to address items on the agenda. Citizens requesting to address the Council will be asked to complete a written comment form and present it to Jackie Nostrom, City Recorder. In general, the chair will allow an individual two minutes to address the Council. A spokesperson, recognized as representing a group in attendance, may be allowed up to five minutes. At the conclusion of the citizen comment time, the chair may direct staff to assist the citizen on the issue presented; direct the citizen to the proper administrative department(s); or take no action. This policy also applies to all public hearings. Citizens may also submit written requests (outlining their issue) for an item to be considered at a future council meeting. The chair may place the item on the agenda under citizen comments; direct staff to assist the citizen; direct the citizen to the proper administrative departments; or take no action.

I, Jackie Nostrom, certify the foregoing agenda was emailed to at least one newspaper of general circulation within the geographic jurisdiction of the public body, at the principal office of the public body, on the Utah State Public Notice website [www.utah.gov/pmn/index.html](http://www.utah.gov/pmn/index.html) and on Herriman City's website at [www.herriman.org](http://www.herriman.org). Posted and dated this . /s/ Jackie Nostrom, City Recorder

## STAFF REPORT

**DATE:** February 11, 2024  
**TO:** The Honorable Mayor and City Council  
**FROM:** Kyle Maurer, Director of Finance and Administrative Services  
**SUBJECT:** Discussion of the Fiscal Year 2025/2026 Budget

---

**RECOMMENDATION:**

N/A – This is for discussion only

**ISSUE BEFORE COUNCIL:**

N/A – This is for discussion only

**BACKGROUND/SUMMARY:**

Staff will discuss factors influencing the fiscal year 2025 and 2026 biennial budget.

**DISCUSSION:**

City staff have been working on the fiscal year 2025 and 2026 biennial budget since November 2023. City staff will apprise the City Council on the current state of the budget and will focus on the following topics:

1. Review of the strategic plan and how future budgets will interact with the plan.
2. “Base” fiscal year 2025 budget and current economic factors/conditions that will influence the budget.
3. Personnel staffing and assumptions to be used in forecasting both personnel costs and authorized FTE’s (full time equivalents).
4. Discussion of the newly formed Capital Improvement Plan (CIP) committee and current CIP requests.
5. “Roadmap” to the tentative and final budgets.

**ALTERNATIVES:**

N/A – This is for discussion only

**FISCAL IMPACT:**

Dependent on final decisions made.

**ATTACHMENTS:**

Current strategic plan

Department Requested Budgets for the General Fund, Public Safety, and Public Safety (Non Police) Fund

Current CIP List – Reimbursement Obligations

Current CIP List – All Requests

Additional Materials will be Provided at the Meeting

# HERRIMAN CITY STRATEGIC PLAN

*Updated April 2023*

## INTRODUCTION

### STRATEGIC PLAN

Herriman City uses a two-part approach to achieve strategic goals. An overall Strategic Plan (the Plan) is adopted by the City Council with periodic reviews. The Strategic Plan outlines the ultimate outcomes and identifies how the City will measure progress toward those goals.

The Plan will guide decision makers and staff efforts toward unified goals. Regular review of the plan and its intended outcomes is essential. The Strategic Plan will be reviewed in the January following a municipal election. This will allow the new Council the opportunity to review and update the Plan, if needed, and provide direction for the City's staff.

### TACTICAL PLAN

A separate Tactical Plan is maintained by the staff, breaking down larger goals into distinct, manageable actions with discrete timelines and accountability. The Tactical Plan will be regularly updated as situations change and tasks are accomplished.

## THREE STRATEGIES

DEVELOP AND MAINTAIN A  
STRONG FOUNDATION OF  
ESSENTIAL SERVICES

CREATE AND SUSTAIN A  
HIGH QUALITY OF LIFE FOR  
OUR RESIDENTS

FOSTER A SENSE OF  
COMMUNITY THROUGH  
PUBLIC ENGAGEMENT AND  
INTERACTION

The three strategies and their supporting goals are considered equally important to the City's success. The City will tie actions in the Tactical Plan to specific goals in the Strategic Plan.

## STRATEGY: DEVELOP AND MAINTAIN A STRONG FOUNDATION OF ESSENTIAL SERVICES

Essential services are defined as including public safety, transportation infrastructure, parks and recreation, and public utilities.

Recognizing resource constraints, the City will focus efforts on providing residents the highest quality of services possible. The focus is on meeting people's needs, not merely completing specific tasks or projects. Success is measured by using satisfaction surveys, regulatory compliance, industry best practices, and comparison to similarly situated cities. Goals in this area are distinguished by starting with *ES*.

### **ES 1 – Establish appropriate levels of service by function**

The Council will provide policy direction to the staff on its preferred levels of service for City functions. These levels of service will balance resource constraints with desired outcomes and thus may vary depending on departments or services offered.

### **ES 2 – Quality public safety**

Residents want to feel safe and secure in their private homes and public places. All City functions will focus on supporting this goal.

### **ES 3 – Natural resources, parks, trails, and amenities**

Preserve, enhance, and market Herriman's natural resources, parks, trails, and public amenities as vital community assets. Residents prioritize recreation and access to natural resources; work to meet those needs.

### **ES 4 – Regional relationships and planning**

Recognizing that Herriman is part of a larger metropolitan area, establish relationships and leverage joint interests to provide services economically and efficiently.

### **ES 5 – Current and future facility needs**

As Herriman grows, identify locations for current and future public service facility needs.

#### **ES 5.1 – Public works facility**

#### **ES 5.2 – Public safety facilities**

##### **ES 5.2.1 – Police facility**

##### **ES 5.2.2 – Fire station 103 replacement**

##### **ES 5.2.3 – Site acquisition for fire/police substation in southern Herriman**

##### **ES 5.2.4 – Animal Services facility**

### **ES 6 – Transportation systems**

Most residents primarily use cars for transportation. Focus policy and planning efforts on vehicles and include multi-modal transportation systems that move pedestrians, cyclists, and other forms of transportation safely and efficiently through Herriman and surrounding areas.

### **ES 6.1 – Seek outside funding sources for capital transportation projects**

Awareness and pursuit of funds available outside the City's finances will be critical for constructing and maintaining safe and efficient transportation infrastructure.

### **ES 6.2 – Roadway pavement management**

Develop and implement effective and efficient street planning and maintenance programs that support the Council's established level of service. Such plans must be in accordance with the City's engineering standards.

### **ES 7 – Consistent, safe, and reliable utility services**

Utilities should be adequately funded and staffed to seamlessly meet the community's needs. Strategic investments in infrastructure and consistent preventative maintenance will be key focus areas.

### **ES 8 – Ensure fiscal sustainability within all City functions**

Use long-range financial plans to guide plans and investments in needed resources and infrastructure.

#### **ES 8.1 – Capital Improvement Plan**

Use the Capital Improvement Plan (CIP) to guide prioritization, budgeting, tracking, and planning for needed capital improvements. Update the CIP on a yearly basis and complete projects in a timely manner. In pace with the CIP and maintenance programs, invest in infrastructure to address existing deficiencies and anticipated future needs.

##### **ES 8.1.1 – Master plans and impact fee analyses updates**

Monitor and update the transportation, storm drain, water, and parks master plans as necessary. New development plans should incorporate the elements of the City's master plans.

#### **ES 8.2 – Adequate staffing**

Within resource constraints, ensure staffing is sufficient to accomplish the goals of the Strategic Plan.

##### **ES 8.2.1 – Recruitment and retention**

Seek to hire and retain necessary and qualified staff members to support the City's needs.

### **ES 9 – Broadband services**

Broadband connectivity a key part of societal infrastructure. The City recognizes the need and opportunity to adapt to developing technologies. Considering resource constraints and the need for municipal services, invest in technology that leverages employee resources to the greatest extent possible.

## STRATEGY: CREATE AND SUSTAIN A HIGH QUALITY OF LIFE FOR RESIDENTS

Quality-of-life is essential for a strong community, vibrant economy, and satisfied citizens. Herriman City will appropriately invest in projects and services to promote that end. Success is measured by using satisfaction surveys, industry best practices, and comparison to similarly situated cities. Goals in this area are distinguished by starting with *QL*.

### **QL 1 – Parks and amenities**

Parks and open space are some of Herriman’s key features. Balance the number of public parks, recreational amenities, facility types, and locations with available resources for sustainability and ongoing maintenance.

#### **QL 1.1 – Parks and amenities standards**

Establish and use metrics and maintenance standards for recreational facilities to support having quality parks within resource constraints.

#### **QL 1.2 – Safe atmosphere in public spaces**

Proactively work to help people feel safe and secure in parks and public spaces, including by quickly addressing crime, garbage, and vandalism.

### **QL 2 – Balanced land use**

The City Council will define its concept of balanced land use with consideration of private and public interests in land development. Land uses should protect public health, foster a positive community atmosphere, and promote social mobility. Compare with existing regional land use inventory to identify imbalances or opportunities in land use needs.

#### **QL 2.1 – General Plan**

The adopted General Plan should be used to reflect the goals of balanced land use.

### **QL 3 – Sports tourism destination**

Establish Herriman as a sports tourism center focused on sports such as soccer, rugby, baseball, and mountain biking.

#### **QL 3.1 – Sports tourism partnerships**

Coordinate, as appropriate, with development partners and sports teams to establish commercial development that capitalizes on sports tourism.

### **QL 4 – Neighborhood quality**

Address code enforcement and public safety concerns with property owners to preserve the quality of neighborhoods and commercial areas.

### **QL 5 – Maintenance quality**

Provide well-maintained facilities and infrastructure, especially for roadways.

## STRATEGY: FOSTER A SENSE OF COMMUNITY THROUGH PUBLIC ENGAGEMENT AND INTERACTION

An informed community is a strong community. Herriman City will use resources to engage with the community to inform and collaborate in solving problems and maximizing success. This strategy's effectiveness will be measured using satisfaction surveys, event attendance, industry best practices, and comparison to similarly situated cities. Goals in this area are distinguished by starting with *CE*.

### **CE 1 – Business development**

Cultivate an environment that allows and supports entrepreneurship, innovation, smart business development, and traditional retail and commerce.

#### **CE 1.1 – Business support**

Enact policies and programs that support local business development, growth, and retention.

### **CE 2 – Promote trust in government**

Promote genuine trust in government through transparency, accountability, and public engagement. This will be accomplished through open and accessible interaction; proactive communication and resident education; and courteous, responsive, and knowledgeable employees.

#### **CE 2.1 – Engagement adaptation**

Stay on the front edge of two-way City-resident engagement in practice and use of technology as trends and technology change.

#### **CE 2.2 – Proactive communication**

Ensure that all master plans, large-scale studies, and capital projects are communicated to the public through all appropriate platforms as necessary throughout all phases of the respective projects.

### **CE 3 – Diversity and accessibility**

Accommodate the community's increasingly diverse cultural, language, and accessibility needs.

### **CE 4 – Sense of community**

Work to cultivate a sense of connectedness, community, and inclusivity among all residents. Sponsor and host affordable events and other programs to help create this sense across all neighborhoods and ensure that all community members can feel welcome and participate.
